bridon-usa.com

STANDARD:

- UV protection
- Left/Right indication with red stripes to aid correct roll loading and help with bale un-rolling when feeding
- Red End warning
- Roll carry handles – for easier rolls handling

Available in white and green.

PREMIUM:

- 10% Stronger than standard netwrap
- Guaranteed length – Every roll manufactured contains the GUARANTEED stated length, not simply a “plus-or-minus” average
- UV protection
- Left/Right indication with red and blue stripes to aid correct roll loading and help with bale un-rolling when feeding
- Red End warning
- Roll carry handles – for easier rolls handling

Available in white and green.

MAXIMUM:

Reliability

- **10% Stronger than premium netwrap**
- No broken bales
- Less downtime

Consistency

- Consistent performance
- Every bale perfect
- Remove the uncertainty from your baling

Length choice

- Guaranteed length – Every roll manufactured contains the GUARANTEED stated length, not simply a “plus-or-minus” average Allow you, the customer, to select the right product for your needs
- Longer roll length provides better cost per bale
- Less waste with longer roll length (Up to 40% waste saving)

NEW Technology

- Improved special material mix
- Block color system – Asymmetrical striping to aid correct roll loading

Universal Performance

- Tested to ensure total performance in all round balers
- Designed to work in all crop conditions

Available in white and green.
